**Committee Reports**

<b>Audit Committee</b> - reviewing risk assessment report.
<b>Policy Committee</b> - a summary of the policies reviewed was provided to the community. Some are still being addressed.
<b>Technology Committee</b> - nothing new. The deployment of iPads to teachers has begun. We have provided staff development in each of the buildings. Teachers got an introduction of the use of the iPads and have had the opportunity to take them home and use them over the summer. Additional staff development will continue for next year starting on Superintendent's conference day. Each teacher will have an iPad and an apple TV installed in their classroom.
<b>Facilities Committee</b> - on Wednesday, June 24th we had both of our tanks removed at the maintenance facilities garage. No absorbed fuel in the sand or below the tanks. The Nassau County Fire Marshall approved the fill back. Everything was executed well. The district will be going into an agreement with the fleet vehicles and an interim credit card program and will be working with the city of Glen Cove on this. Next meeting scheduled for July 1st.

**Superintendent's Report**

We've had six moving up ceremonies that I have attended. We saw our Seniors graduation on Saturday. It was a wonderful day. There have been a number of different activities over the last month and a half that would really show you the pride that Glen Cove has. We saw a number of students winning a number of scholarships, a number of different recognitions. We've had honor society, farewell concerts and many more. Looking forward to the summer as we gear up for the 2015-2016 school year and a lot that will come ahead.
