**Committee Reports**

<b>Audit Committee</b> - have not met.
<b>Policy Committee</b> - next meeting scheduled for November 23rd.
<b>Technology Committee</b> - next meeting scheduled for December 9th
<b>Facilities Committee</b> - meeting was held last Friday. It was the first meeting with the new personnel in the facilities department. The main focus right now will be safety issues within the district and then would like to look into an action plan for future items. We will be addressing the pothole concerns before the winter. During the summer facilities worked on NYSIR compliant issues such as repairs to the high school bleachers and the ground covering at the Connolly school playground which we are now NYSIR compliant on both issues. Hopefully by this upcoming summer we would like to change the bleachers at the high school as well as upgrading the Connolly school playground. Also the Gribbin school greenhouse is in a holding pattern however the unit is in transit from the west coast. The business office is working with NYSIR and the State Education Department in having all the paperwork approved as well as working with the architects. Would like to see something dedicated in the memory of Mr. Frank Bouza as he was a dedicated employee of the school district for many years and it would be a great tribute to him.
<b>Food &amp; Nutrition Committee</b> - we had broken out into small groups and visited each of the schools and we shared everyone's feedback at the meeting. The committee will be consolidating the feedback into a report. We did agree that the adult pallets are different than children's and that we would like to have a survey created for kids. The group will split into two groups to develop these surveys. The committee is also going to visit other districts. One visit will include north shore high school. We would also like training for staff on choking prevention and how we would like this to work is that we would have trainers in each building train other staff members as well as new staff. Our next meeting is December 3rd at 5 pm.

**Instructional Report**

Committee on Special Education , Committee on Preschool Special Education & New Courses for the 2016-2017 School Year	Approved
